**Subject:** Director's Rounds

Dear Colleagues,

I am pleased to be working with you all to provide such extraordinary health protection to the residents of the Commonwealth of Massachusetts. It has been a busy time and I have yet to meet everyone so I am anxious for us to get to know one another.

Next Thursday, July 26, 2007 at 12 noon, I invite you to join me in the auditorium. We will meet and greet for about a half hour and then at 12:30 I will talk briefly about my thoughts and goals. Since the plans and goals are always subject to change, I will ask for your ideas, comments and questions.

Cookies will be served.

Sincerely,

Mary J. Gilchrist Ph.D  
Director of the Bureau of Laboratory Sciences
